DIRECTORY OF LABOR ORGANIZATIONS
IN MONTANA

The Directory of Labor Organizations in Montana is compiled every two years by the Unemployment Compensation Commission, Helena, Montana.

The demand for this directory has increased over the years. Distribution is made as a public service to principal officers of state, district and local labor unions, employer organizations, libraries, research centers, public officials, and on request to any interested individuals as long as the supply lasts.

Every human effort is made to provide a complete and accurate listing. Because of the nature of the project and the human factors involved, some changes may have occurred even before the directory is in print.

The cooperation and help of union officials and their members in providing the information for this directory is gratefully acknowledged.

APPENDIX A		46

Mr. Labor Union Official . . .

This is an appropriate time for the twenty-two local offices of the Montana State Employment Service to express their appreciation for the cooperation with your organization during the past year which has resulted in the job placement of your members. We look forward to strengthening this cooperation for we have a common field of interest in the job placement program.

The Montana State Employment Service wants to work with your union. We do not want to duplicate your work. We merely want to make your Business Representative's job easier by taking the responsibility of placing workers off his shoulders. This will give him more free time for the performance of the rest of his duties. With your full cooperation your Local Employment Office can help you, your union and your members.

A handwritten signature in cursive script, reading "Jess C. Fletcher". The signature is written in dark ink and is positioned above the printed name and title.

JESS C. FLETCHER, Director
Montana State Employment Service
